Notes on Contributors

Erdem Akbaş, PhD, is Assistant Professor at the Department of English Language Teaching, Erciyes University, Turkey. He has been co-organizing the first-of-its-kind conference on metadiscourse since 2017 (MAG2017, MAG2019, MAG2021: Metadiscourse Across Genres: Mapping Interaction in Spoken & Written Discourses). He also published a co-edited book and a co-edited special issue on metadiscourse. Dr. Akbaş is also a member of ERUMARG, a research group exploring social interaction from a micro-analytical perspective. He is currently working on a co-edited book on metadiscourse in non-academic genres to be published by Lexington Books (Rowman & Littlefield).

Raees Calafato, PhD, is based at the University of Bergen's Department of Foreign Languages. His research interests include multilingual pedagogy and teacher identity, the learning of languages other than English in super-diverse contexts, and the place of literature in language education. Specifically, his research projects focus on language learning motivation, self-regulation, and mindsets in multilingual language learners, teacher identity in those who teach multiple languages, the implementation of multilingual teaching practices by teachers of English and other languages, the nature of literary and multimodal competence in multilingual language learners and teachers, and language policy and emotions in transnational multilingual families. His works, which include studies that are the first to have investigated the implementation of multilingual teaching practices in Russia, have appeared in journals such as *Teaching and Teacher Education*, *Language Teaching Research*, *Foreign Language Annals*, and *System*, among many others. He has presented the findings of his research at several international conferences, including COM (Conference on Multilingualism) and MoMM (Multilingualism on My Mind).

María Cristina Núñez-del-Río holds a PhD in educational sciences. She is Associate Professor at the Institute for Educational Sciences (ICE) at the Universidad Politécnica de Madrid. She leads the ForPROFE Research Group. She is an expert in methods of applied statistics. Her lines of research focus on educational guidance and attention to diversity as well as on assessment strategies and tools. She is the author of more than 30 papers in national and international journals, books and book chapters. Her work has appeared in journals such as *The International Journal of Engineering Education*, *Electronic Journal of Research in Education Psychology*, *JOTSE: Journal of Technology and Science Education*, *RIE:*

Revista de Investigación Educativa, among others. She has also been a counselor for more than 15 years in a special education center. Since 2011, she has lectured MASE (methods of applied statistics in education) at the Institute of Education Sciences of the Technical University of Madrid (UPM).

ORCID ID: <https://orcid.org/0000-0002-3349-8015>

Contact details: Instituto de Ciencias de la Educación-ICE, Universidad Politécnica de Madrid, C/ Profesor Aranguren 3, 28040, Madrid, Spain (mc.nunez@upm.es)

Susana Sastre-Merino, PhD, is Assistant Professor at the Institute for Educational Sciences of the Technical University of Madrid (UPM), where she teaches educational processes and educational innovation and research. Her research interests focus on active educational methods, experiential learning, competences development and evaluation. Her work has appeared in journals such as *ALLA Review*, *International Journal of Engineering Education*, *Studies in Educational Evaluation* and *Journal of Technology and Science Education*, among others. She has recently co-edited a special issue of *Australasian Journal of Educational Technology*. She also has experience in secondary education teaching. She has authored some book chapters in volumes published by Springer and Sage. She is also a member of the ForProfe research group.
